Sunday April 22nd, 2018 from 10 am to 6 pm

Vipassana meditation is a method which is practical, universal and open to everybody, irrespective of individual philosophical or religious choices. It helps one to live a balanced, positive and happy life.

We have been offering courses for adults and children at Dhamma Sumeru for 19 years. All of the courses as well as the center's operations are supported exclusively by volunteers and through donations.

If you are interested to learn more about the practice of Vipassana and about our organization, we would like to invite you to our Open Door Day on Sunday April 22nd, 2018.

You are cordially invited to come and visit us. Children are also welcome.
